## EXPERIENCE

### **PYTHON DEVELOPER (MX SUITE)**

*August 2023 to June 2024*

- Integrated Stripe for seamless payment processing within the app.
- Implemented webhooks using Stripe to efficiently track various events.
- Integrated Gmail API for enhanced functionality in modifying Gmail accounts.
- Implemented CI/CD pipelines on GitLab for streamlined development and deployment processes.
- Developed API endpoints using Flask-RESTful to enable smooth interaction with the application.
- Integrated Flask-Admin for creating intuitive admin dashboards.
- Resolved issues in scraping scripts for product data from websites.
- Utilized Jinja2 templating engine for designing dynamic templates.
- Built an application for email tracking using Flask.
- Documented API endpoints using Swagger for clear communication and understanding.
- Deployed Django applications on AWS EC2 for scalable hosting solutions.
- Conducted unit and end-to-end testing to ensure robustness and reliability.

### **WEB DEVELOPER (BLUEPRINT MEDIA)**

*April 2023 to June 2023*

- Maintained and developed websites using WordPress, ensuring functionality and aesthetics.
- Utilized WordPress plugins such as DIVI and Elementor for enhanced design capabilities.
- Integrated websites into HubSpot for seamless management and marketing automation.
- Utilized SiteGround hosting services for WordPress websites.
- Created engaging landing pages to drive conversions.
- Managed DNS configurations, connecting SiteGround-hosted websites to GoDaddy domains.

### **PYTHON DEVELOPER (OnlineJobs.PH)**

*November 2022 to MAY 2024*

- Developed desktop applications for Windows and macOS platforms using Python and relevant libraries.
- Utilized Python packages like Pytube, Pygame, Pykakasi, and CustomTkinter for creating feature-rich GUIs.
- Delivered projects ahead of schedule, ensuring client satisfaction.
- Maintained regular communication with clients, providing updates on project progress.
- Identified and resolved issues and bugs to ensure smooth functioning of applications.

- Developed a desktop player application capable of playing and trimming videos and audios, catering to musicians and singers.
- Built and deployed desktop applications using PyInstaller for easy distribution.
- Created DMG installers for macOS applications.
- Developed a translator desktop application that extracts transcripts from YouTube videos and translates them into Japanese (Hiragana, Katakana, Romaji).
- Created a YouTube downloader application for MP3 and MP4 formats using the Pytube package.

## EDUCATION

### Bachelor of Science in Information Technology

Institution: Colegio De Montalban

1.5 GWA

### INFORMATION AND COMMUNICATION TECHNOLOGY (ICT)

Institution: Kasiglahan Village Senior High School

Year of Graduation: 2020

## TECHNICAL SKILLS

- Programming (Java, C#, and Python)
- Web (HTML, CSS, JavaScript, ReactJS, VueJS, Bootstrap, TailwindCSS, Django, Flask, MySQL, Firebase, PostgreSQL, PHP) Version Controls (Git)
- Hardware troubleshooting, repair, and maintenance

## PERSONAL SKILLS

- Versatile Team Player
- Proactive Learner
- Effective Communicator
- Exemplary Organization

## CERTIFICATIONS

- NCII Passer in Computer System Servicing
- Java Oracle Certificate given by STI
- Python Conference 2024
